

All about YOU mural project

We will be working on a group display. Each of you will complete a strip to be added to a larger installation. Your work should include:

Images/doodles that represent your life

(interests, where you are from, food you like, music you listen to, car you drive, pets, family, clothing, etc.)

Words that describe who you are, what you believe in, what you hope for, etc)

Lines and shapes to fill in spaces -there should not be a space larger than your hand without something in it.

Color-All areas should be filled with color. You can select a color scheme (warm, cool, primary, complementary, etc. or you may use all colors)

This project will take a long time to complete-it is not a race. Your work should be well crafted, use elements and principles of design and be a reflection of you.
